PERSONAL STATEMENT	Freelance programmer passionate about computing since always, I particularly enjoy working on a wide variety of projects; applications, websites, video games, etc.

Of an organized and tenacious character, when I embark on a project carry it out!
Active for many years, I acquired a strong professional experience and broad skills. This accumulated know-how is my main asset, and my clients appreciate that I share it with them.
Thanks to the trust of my clients I had the opportunity to work on big projects with heavy responsibilities.
My main motivation is the desire to provide a quality service to my clients.

Specialization:
- Web programming with PHP, MySQL, Javascript and JQuery
- Integration and layout in CSS3, HTML5 (W3C standards)
- Application development using Apache Cordova

Other skills:
- Graphical tools Adobe Photoshop, Illustrator and Flash
- Knowledge in Git, Unity 3D, Actionscript 3 et Flex (Adobe Flash)

Mother tongue(s)   French

Foreign language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B1	B1
Dutch	A1	A2	A1	A1	A1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user
Common European Framework of Reference for Languages

Communication skills   Due to my experience as an employee and freelance I can easily communicate with clients, their sales representatives, graphic designers and other programmers.

I am able to understand their needs and answer their technical questions.

Organisational / managerial skills   - As a freelance since 2010, I have been working on many large projects (some of them for more than a year) and I have always managed to complete them successfully.

- As an employee from 2006 to 2009, I was several times in charge of managing the team from a technical point of view.

Job-related skills   I have a strong experience (10+ years) as a web developer ; I write daily in Javascript, JQuery, PHP, MySQL, CSS, HTML, ...

I use Apache Cordova coupled with Javascript to create Android Apps.
